CBSE Class 10

- Percentage: 83.4%

PROJECTS

Flow-Up

Role: MERN Stack Development Intern | Team Size: 5

Description:

Developed a responsive and scalable web platform for user authentication and workflow management.

- Designed and implemented front-end components using React.js to ensure a seamless user experience.
- Built RESTful APIs with Node.js and Express.js for efficient data handling.
- Integrated MongoDB for secure and reliable data storage.
- Collaborated with a team of 5 to deliver a feature-rich application, including login, user management, and dashboard functionality.
- Deployed the application using Vercel for streamlined hosting and continuous delivery.
